£ **295**

30 Images in a 12 x 8" Graphistudio album

Our Portrait Service

We offer two different styles: studio or lifestyle. Come to our modern open plan studio in Burbage, for a contemporary, fresh Studio portrait. Alternatively, Lifestyle portraits are simply where we join you at a place of significance, may it be in your garden, a local attraction or even your favourite spot. We will go to wherever means something to you.

In our studio you may find Grandmas and Granddads, little ones and bumps, maybe even noisy ones and those who like to pose, your pet is more than welcome.

Our aim is to capture natural images with an artistic flair. The studio is a relaxed, yet energized environment, which means you feel completely at ease.

We recommend that you wear casual clothes, such as; jeans and t-shirts, so that you feel comfortable. We work with white and dark backgrounds and find that white, black and brightly coloured tops are the best colours to wear.

If you are bringing children and they have a hobby, play a sport or instrument, then it would be great for you to bring along the instrument/football/rugby ball etc. Pets are also welcome, as are favourite toys – skateboard/roller-skates/teddy bear.

Whatever type of sitting you are having with us, we will try to make it as enjoyable and fun for you as possible.

We usually allow one hour for the sitting depending on the amount of people and ages of group.

Once your jam-packed sitting is over, you'll be really keen to see what we've captured and within seven days you can. We will be busy working on your images, adding effects and turning some in to black and white. Once they are finished we invite you back to the studio to view and order your pictures.

Once we receive your order, you then only have to wait approximately two to three weeks for your order to be completed.

We look forward to speaking to you

Much love from all at Rebecca Dawe Photography
